Training Centres

IN JHB , DURBAN AND CAPE TOWN

The goal is to build a network of professional installers that will be able to apply our architectural films at the highest level therefore the following is essential:

An application form will need to be filled in and submitted. Experience in the wrapping, signage, shopfitting, renovation and construction industries will take preference. In order to be accepted you will need:

- A Registered Company
- A market for our product
- Experience with self adhesive vinyls
- Or a strong business case showing how you will take our product to market

Owner manager 2 Day Course Information **R 8 500,00 per person Excl VAT**

Our Architectural Films require specific techniques for proper installation, which is why training and certification are necessary. We offer two courses:

Included in the 2-Day Owner/Manager Training Course (not suitable for applicators, as pricing is discussed):

- Two days of training, which includes both theory and practical sessions
- Certification and authorization to resell Cover Styl' products
- Warranty support for level 2 and above
- Purchasing power: receive a 17% discount from Maizeys when buying Cover Styl' products
- Automatic inclusion in our national installer network
- Access to a Dropbox folder containing marketing tools
- Addition to our installer WhatsApp group with stock lists and other information
- Food and drinks provided
- A binder (catalogue) valued at R1,000
- All necessary training materials and tools for the course
- An online COD account with Maizeys

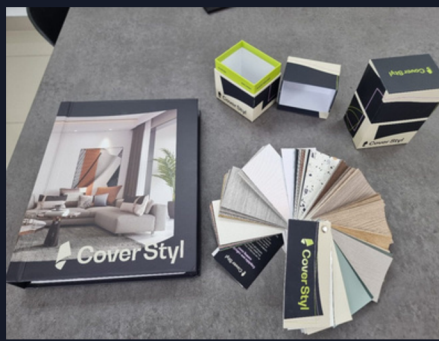

Applicator One Day Course Information R 4 900 per person Excl VAT

Included in the 1-Day Applicator Training Course:

- One day of training, encompassing 2 hours of theory and the rest practical work
- Modules covered: surface preparation, adhesion tests, primers, corners, butt joins, repairs, wall drops, repetition patterns, thermoforming, post heating, working with HR films, Eco and Cover Styl
- Certification
- Food and drinks provided
- All necessary training materials and tools for the course

More Course Info:

- Times: Arrive by 8 AM for an 8:30 AM start; we typically finish at 5 PM each day.
- Lunch and Drinks: Provided by us; order from our menu, and the food will be delivered at 12 PM.
- Day 1: Begins with theory covering the film composition, product range, ordering, orange and green references, lead times, network, working with primers, target markets, marketing, and sales training.
- Day 2: Focuses on practical applications, including various application types, working with primer, wall applications, corners, thermoforming, butt joins, repairs, and concluding with a cupboard wrap.
- You will be evaluated on the cupboard wrap, and you need to achieve 15 points out of 20 to pass the application portion and progress to level 2.

Training Levels:

- Level 1: Attended the theory but did not pass the practical application on day 2
- Level 2: Completed the theory and passed the application module on day 2
- Level 3: Your first Cover Styl' application has been validated and approved
- Level 4: Completed a project with over 500 sqm of Cover Styl'
- Level 5: Completed a project with over 1,000 sqm of Cover Styl'
